WAYS TO REVISE:

- Its all about retrieval practice....!
- Spend 30 minutes on each day revising the topics specified
- Question and answer flash cards
- Knowledge organisers and quizzing (look, cover check method)
- Practical lab book
- CGP Revision guides - reading and then testing yourself
- CGP revision flash cards
- Assessment questions and specification-
<http://www.aqa.org.uk/subjects/science/gcse/biology-8461>
- GCSE Bitesize (AQA Separate sciences Biology)
- Your class notes, reading them, testing yourself
- Use the timetable for topics to revise
- Use your mock to analyse what you need to revise
- Seek help from science staff if you are struggling with a particular topic
- Identify your areas of weakness and focus on them
- Dedicate each week to specific topics
- Get a lined paper notepad to make notes in for each topic using Cornell technique.
