Appeals against internally assessed marks (GCSE/GCE coursework and GCSE/GCE non-examination assessments)

King Charles I School is committed to ensuring that whenever its staff assess students' work for external qualification, this is done fairly, consistently and in accordance with the specification for the subject concerned. Assessments will be conducted by staff who have appropriate knowledge, understanding and skills, and who have been trained in this activity. Students' work should be produced and authenticated according to the requirements of the examinations board. Where a set of work is divided between staff, consistency will be ensured by internal moderation and standardisation. If a student feels the process used for the internal assessment did not conform to the published requirements of the awarding body's specification and subject-specific associated documents then they may make an appeal.

1. King Charles I School will ensure that students are informed of their centre-assessed marks by Wednesday 27th March. This is so that they may request a review of the centre processes for delivering and assessing the submitted work. Students cannot appeal against the mark submitted by the centre for moderation by the awarding body.
2. King Charles I School will inform students that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
3. King Charles I School will, having received a request for copies of materials, promptly make them available to the candidate.
4. King Charles I School will provide students with sufficient time, 5 working days, in order to allow them to review copies of materials and reach a decision.
5. Requests for reviews of marking **must** be made in writing by Wednesday 10th April by completing the internal appeals form below. King Charles I School will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
7. King Charles I School will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review.
8. King Charles I School will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
9. The candidate will be informed in writing of the outcome of the review of the centre's marking.
10. The outcome of the review of the centre's marking will be made known to the head of centre and will be logged as a complaint. A written record will be kept and made available to the awarding body upon request. Should the review of the centre's marking bring any irregularity in procedures to light, the awarding body will be informed immediately.

After students' work has been internally assessed, it is moderated by the awarding body. The moderation process carried out by the awarding bodies may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body

ensures that centre marking is in line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.

Appeals procedure against the school's decision not to support a clerical check, a review of marking, a review of moderation or an appeal

This procedure confirms King Charles I School compliance with JCQ's *General Regulations for Approved Centres 2017-2018, section 5.14* that the centre has in place "a written internal appeals procedure to manage disputes when a candidate disagrees with a centre decision not to support a clerical check, a review of marking, a review of moderation or an appeal..."

Following the issue of results, awarding bodies make post-results services available. Full details of these services, deadlines and fees charged are available via the school website.

Candidates are also informed of the arrangements for post-results services before they sit any exams and the accessibility of senior members of centre staff immediately after the publication of results through a letter to parents/carers and via Year 11 assemblies.

If the centre or a candidate (or his/her parent/carer) has a concern and believes a result may not be accurate, an enquiry about the result may be requested.

Enquiries about results (EARs) offers three services.

- Service 1 – clerical re-check
- Service 2 – review of marking
- Service 3 – review of moderation (this service is not available to an individual candidate)

Written candidate consent (informed consent via candidate email is acceptable) is required in all cases before a request for an EAR service 1 or 2 is submitted to the awarding body as with these services candidates' marks and subject grades may be lowered. Candidate consent can only be collected **after** the publication of results.

If a concern is raised about a particular examination result, the exams officer, teaching staff and head of centre will investigate the feasibility of requesting an enquiry supported by the centre. Where the centre does not uphold a request from a candidate, the candidate may pay the appropriate EAR fee to the centre, and a request will be made to the awarding body on the candidate's behalf. Please note: New regulations from Ofqual have been put in place whereby marks can only be changed if there is a clear marking error rather than a difference of interpretation. This has led to substantially fewer successful challenges. New guidelines also state that a full refund to the enquiry is offered only if the appeal results in a change in grade, no refund is offered for a change in mark.

If the candidate (or his/her parent/carer) believes there are grounds to appeal against the centre's decision not to support an enquiry, an internal appeal can be submitted to the centre by completing the **internal appeals form** at least 5 working days prior to the internal deadline for submitting an EAR. The appellant will be informed of the outcome of his/her appeal before the internal deadline for submitting an EAR.

Following the EAR outcome, an external appeals process is available if the head of centre remains dissatisfied with the outcome and believes there are grounds for appeal. The JCQ publications *Post-Results Services* and *JCQ Appeals Booklet (A guide to the awarding bodies' appeals processes)* will be consulted to determine the acceptable grounds for a preliminary appeal. Where the head of centre is satisfied after receiving the EAR outcome, but the candidate (or his/her parent/carer) believes there are grounds for a preliminary appeal to the awarding body, a further internal appeal may be made to the head of centre. Following this, the head of centre's decision as to whether to proceed with a preliminary appeal will be based upon the acceptable grounds as detailed in the *JCQ Appeals Booklet*. Candidates or parents/carers are not permitted to make direct representations to an awarding body.

The **internal appeals form** should be completed and submitted to the centre within 5 working days of the notification of the outcome of the EAR. Subject to the head of centre's decision, this will allow the centre to process the preliminary appeal and submit to the awarding body within the required **30 calendar days** of receiving the outcome of the enquiry about results process. Awarding body fees which may be charged for the preliminary appeal must be paid to the centre by the appellant before the preliminary appeal is submitted to the awarding body (fees are available on the school website). If the appeal is upheld by the awarding body, this fee will be refunded by the awarding body and repaid to the appellant by the centre.
