

## Accessing Lexia from home

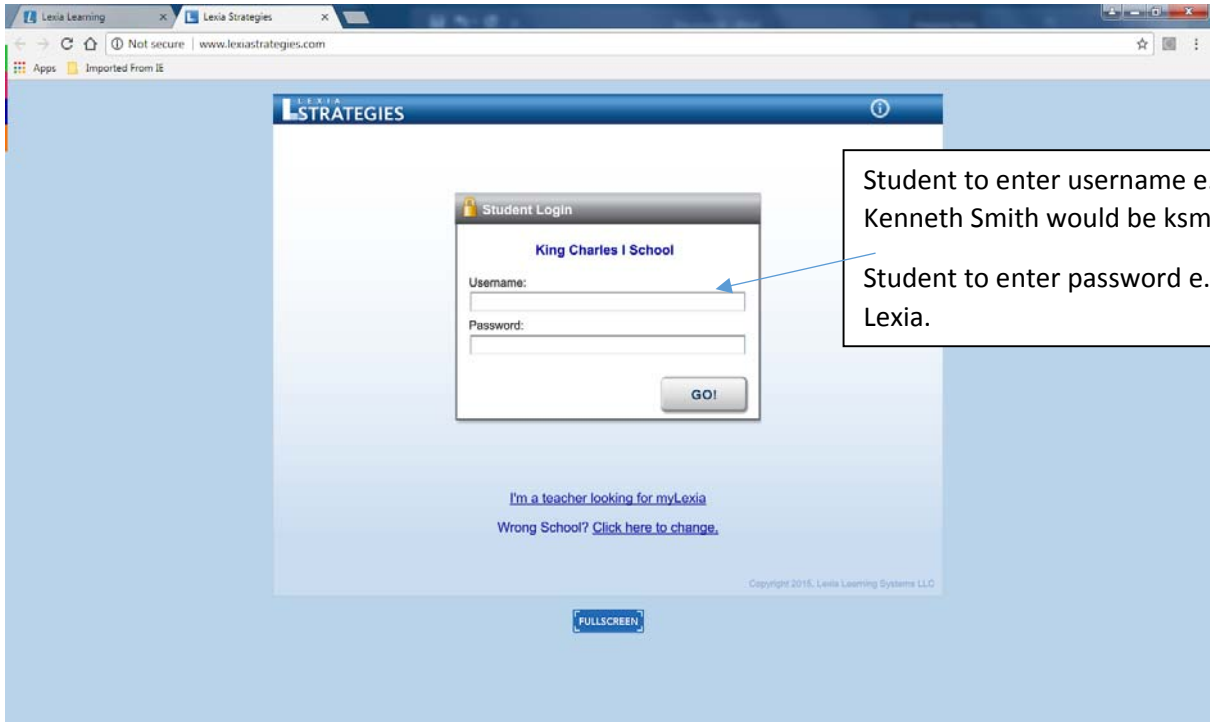

- put <https://www.lexialearning.com/> into the browser

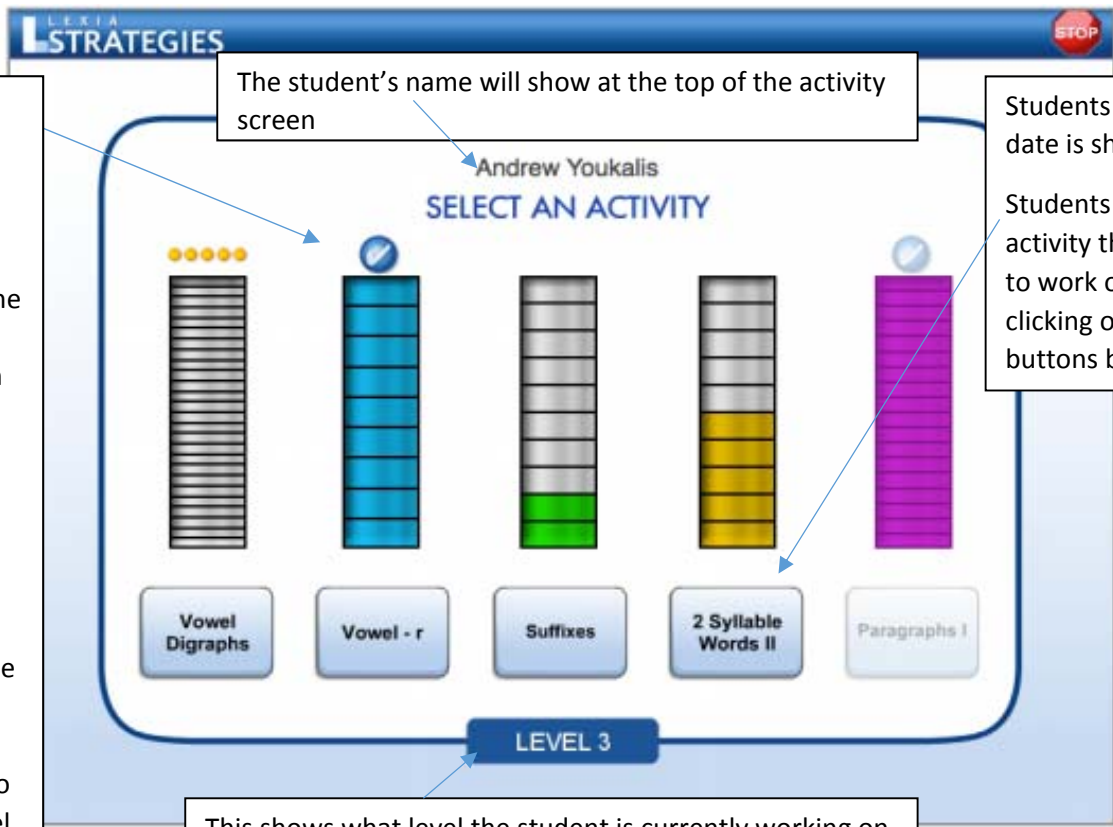

The screenshot shows the Lexia Learning website homepage. The browser address bar displays <https://www.lexialearning.com/>. The main navigation menu is open, showing options: myLexia, CORES, RAPID, and LSTRATEGIES. A callout box points to the LSTRATEGIES option with the text: "Go to sign in drop down menu. Select LexiaStrategies." The main content area features a large image of a young girl reading a book, with the text: "Empowering Literacy Educators Through Adaptive Assessment and Personalized Instruction". Below this, it says "Motivating Simple Effective" and "Students are motivated by their own success and have their own personalized learning paths".

The screenshot shows the Lexia Strategies setup screen. The browser address bar displays [www.lexiastrategies.com](http://www.lexiastrategies.com). The main content area is a blue gradient with the Lexia STRATEGIES logo at the top. A "Setup" dialog box is open, containing the text: "Please enter your teacher's Email address to continue." Below this is a text input field labeled "Teacher's Email:" and a "Done" button. A callout box points to the input field with the text: "Enter kingcharles1@lexia.com". At the bottom of the screen, there is a "FULLSCREEN" button and a copyright notice: "Copyright 2015, Lexia Learning Systems LLC".

Student to enter username e.g. Kenneth Smith would be ksmit.  
 Student to enter password e.g. Lexia.

The student's name will show at the top of the activity screen

Students activity log to date is shown.  
 Students can select what activity they would like to work on next by clicking on the blue buttons below.

When they complete a set of activities, a blue tick appears at the top. The student then moves on to try other activities.  
 When all of the activity columns are complete, the program will move the student up to the next level.

This shows what level the student is currently working on.

The program gives instructions in each task. The student wears headphones so that they can hear and focus on what to do. Here are some of the symbols that help the student as they move through the program.

#### Lexia Strategies Screen Buttons

	The Stop button on the Select an Activity screen logs the student out of Lexia Strategies.
	The Stop button within a unit returns the student to the Select an Activity screen.  Note: If the student selects this button before finishing the unit, the student must redo that entire unit before advancing to the next unit. Students should be encouraged to work until they see the Continue button to avoid having to repeat work.
	The Continue button allows the student to continue to the next unit in the activity after completing a unit.
	The Redo button allows the student to repeat the same unit (after completion).
	The Directions button allows the student to rehear the directions for the current task.
	The Rehear button repeats the student's current prompt. Students should be encouraged to use this button when needed.
	The Info button displays information about the student's current progress.

#### Top Tips

- **Before logging off, try to complete the task (the green line at the bottom of the screen shows how much of the task has been completed). Logging out before the task is finished will mean losing the work completed in that particular set of tasks.**
- **Always log off properly**
- **If in doubt – use the repeat directions or rehear buttons rather than guess**
- **EVERY MINUTE COUNTS – so speed and accuracy matter – try to go as fast and as accurately as you can.**
